

This Month in Pearroc

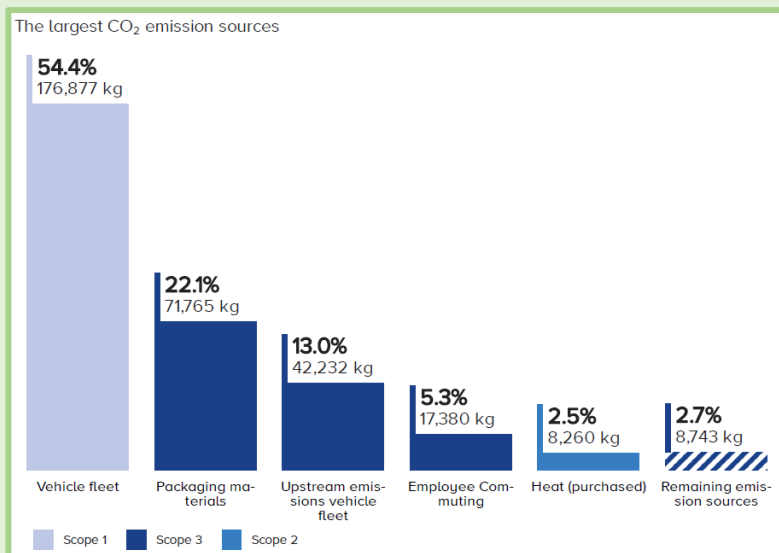

ESG NEWSLETTER

Please find below our sustainability report for 2023

There is a slight rise in emissions from 2022 due to growth in size resulting in us adding additional vans to our fleet.

We have been working hard in 2024 to ensure emissions are reduced for the coming year.

The above emissions were calculated for Pearroc Ltd for the period Jan 2023 - Dec 2023

Reduce Reuse Recycle

- Pearroc are committed to a sustainable future by reusing & recycling any box that gets returned to us on a delivery.
- Reusing and recycling old boxes provide a simple yet effective way to contribute to environmental sustainability, save money, and support the recycling industry.
- By making a conscious effort to reuse and recycle, we as a business believe that we can play a significant role in reducing waste and conserving resources.

The Biggest Pearroc Golf Day to Date!

Our fantastic golf day this year started with a win for the England team against the Netherlands whilst a number of our staff and guests enjoyed a curry and a good amount of drinks!

This year we had an amazing 68 golfers, each year our golf day getting more and more sought after.

Our day was full of fun and laughter, with our staff and key industry friends helping us distribute snacks and drinks throughout the day...and getting caught by Aliens on our 'Shot for a Shot', where everyone participated in a small alcoholic beverage.

In a highly competitive field, Darren Broad of Nationwide Hygiene was the Pearroc Champion, scoring an amazing 42 points. Morten Elstrup & David Piper also finished with 42 points but came 2nd & 3rd respectively on countback.

Thank you so much to our wonderful suppliers who donated a record amount this year, and all in all we raised an incredible £14,500 which will be presented to The Royal Marsden Cancer Charity – watch this space!

A special thanks goes out to Angela Gill and Lyn Nardizzi from Bio Productions, Jo Long and Vicky Anslow from Metsa Tissue, Sam Wilde from Northwood Hygiene, Katie Henstock on her summer break from Uni and last but no means least our resident photographer Roy Winters of Safer Space.

Looking forward to The Pearroc Golf Day 2025!

Introducing Pearroc's PAPER SACHET RANGE

THE SOSTAIN RANGE

Environmental Benefits

Minimising our impact on the environment is at the core of everything we do.

Our sachets have removed the problem of plastic waste and our mission for the future is to reduce the 'final mile' – the distance between us (the manufacturer) and you (the user).

Reduce Carbon Footprint By 95%

Compared to transporting liquid concentrates, PVA Hygiene products result in no transportation of water.

Biodegradable, Pre-Dosed Formulations

No risk of chemical overdosing, which has the potential to negatively impact the environment.

No Single-Use Plastic

Our bottles are designed to be durable and last a lifetime. Through reusing our bottles, the system reduces waste by 90% compared to using traditional commercial cleaning solutions.

Planet Friendly Packaging

All of our packaging is recyclable, and our pouches are also
